MESSAGE FROM CEO

Jayesh Shah

CEO / Founder of KGS Pvt. Ltd.

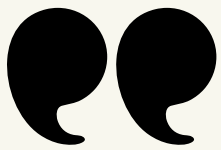

With nearly 30 years of experience in the field, we bring expertise in optimizing layouts, providing economical solutions, and understanding market needs for Grain Storage. Our positive outlook drives us to deliver exceptional results.

**Krishna Grain
Systems Pvt. Ltd.**

engineering excellence in grain storage systems

ABOUT COMPANY

Krishna Grain Systems,

based in Pune, specializes in turnkey projects

for grain-based industries worldwide. Our comprehensive

range of high-quality Grain Handling equipment is

designed, erected, installed, and commissioned by our

skilled team. With a focus on customer satisfaction and

prompt responsiveness, we have built a solid reputation

in a short time. Our cutting-edge manufacturing

techniques, including Laser Cutting and CNC Bending,

ensure the production of top-grade equipment. Led by

industry expert Mr. Jayesh Shah, our dedicated engineers

bring deep knowledge in systems design and execution.

In addition, our experienced accounting and finance team

delivers exceptional financial solutions. Our involvement

in global Silo projects demonstrates our commitment to

continuous improvement and understanding of

individual industry needs.

**Krishna Grain
Systems Pvt. Ltd.**

engineering excellence in grain storage systems

VISION

We are dedicated to reshaping industries reliant on silo storage, including grain, ethanol, food processing, Agri Logistics, textiles, and more, pioneering comprehensive Silo Turnkey Project Execution with a blend of innovative technology and sustainable practices.

MISSION

Our sights are set on being a global vanguard in silo storage solutions, driving change across the grain, ethanol, food processing, textile, and other industries through our expertise in Silo Turnkey Project Execution while contributing to industrial growth and global food security.

MEET OUR TEAM

Uday Pendse

Experienced in global Silo projects with continuous product improvement and deep knowledge of individual offerings.

Prashant Shah

With over two decades of extensive experience in accounting and finance, he brings a wealth of expertise to deliver exceptional financial solutions.

Rakesh Gujarathi

With 15 years of dedicated service in Sales & Marketing at KGS, we possess a deep understanding of systems design and are committed to promptly attending to clients' needs with exceptional responsiveness.

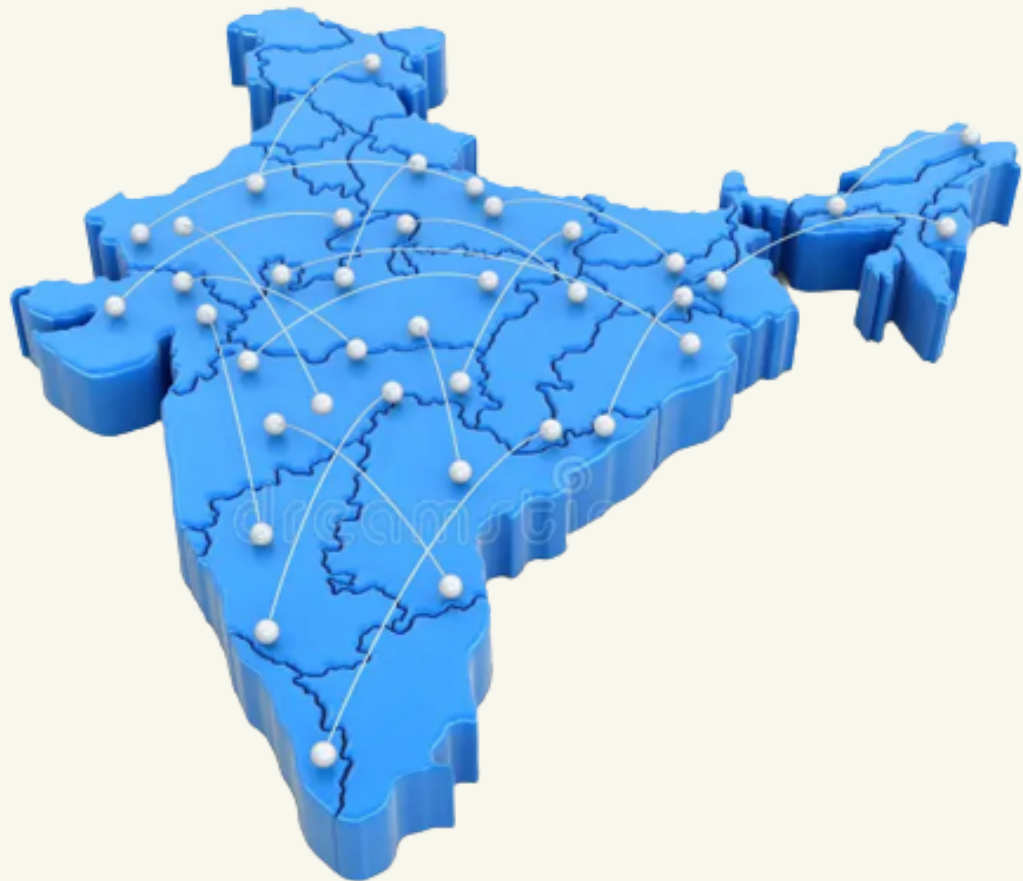

Umesh Naik

With a versatile background in engineering and silo erection, we excel in implementing equipment improvements and possess a strong understanding of engineering drawings.

COMPANY PERFORMANCE

20 States
10 Sectors

135 Projects
6 Countries

STRATEGIC PILLARS

Innovation

Commitment to continual evolution, infusing state-of-the-art technology into our solutions.

Global expansion

Fostering our footprint worldwide without losing sight of our strong domestic roots.

Client Satisfaction

Pledging seamless project execution for unparalleled client gratification.

Quality

Maintaining uncompromising quality standards in all our offerings.

Sustainability

Advocating for environmentally conscious practices in grain processing.

Employee Development

Nurturing a fertile ecosystem for the growth and enrichment of our team.

USPs

Silo Turnkey Project Expertise

Specializing in the meticulous orchestration of Silo Turnkey Projects for a variety of materials and industries, including grain, ethanol, food processing, textiles, and more, offering a comprehensive suite of services from conceptualization to realization.

Technological Prowess

Harnessing avant-garde techniques such as Laser Cutting and CNC Bending, elevating our manufacturing process.

Deep-seated Industry Knowledge

Commanding a team fortified by extensive experience and acumen in silo storage and handling systems across multiple industries.

Long-lasting experience and client heritage

Proudly carrying a 19-year legacy of serving a rich and varied client portfolio across industries requiring silo storage solutions.

Customized SILO Solutions

Leveraging our strong and multi-year relationships with both domestic and international manufacturers to source and provide the best-customized silo solutions for a wide range of materials and industries, including grain, ethanol, and others.

Optimized Design and Power Efficiency

Exhibiting expertise in designing the most economical layouts for silo systems while ensuring optimum power consumption of equipment, driving cost efficiency and sustainability.

Bespoke Solutions

Relying on the strength of high-grade steel to deliver robust and reliable equipment for various industries.

Unwavering Quality Assurance

Proudly carrying a 19-year legacy of serving a rich and varied client portfolio across industries requiring silo storage solutions.

Prompt Project Delivery

A steadfast commitment to the punctual delivery of projects, ensuring uninterrupted operations across a range of industries.

OUR PRODUCTS

Bucket Elevator (Belt Type)

Compartmental Silo/Bins

Control Gates & Diverters

Site Fabrication/Erection Services

MS Tanks

Chain Conveyor

Screw Conveyor

OUR PROJECTS

Corn Storage Project
7500 MT X 8 Nos
Dawangiri, KR, India

Maize Storage Project
5000 MT X 2 NOS

Maize/broken rice,
Storage systems
2500 MT X 1 NOS
Davangere, KR, India

DIVERSIFIED APPLICATIONS

Poultry/Cattle Field

Biomass Pellet Storage

Logistics(FCI)

Ethanol Projects

Rice Mills

Grain Distilleries

Grain Processing

Pulses Processing

**Plastic Granule
storage For Textiles**

**Sugar/Grain Bagging &
Weighing**
